VIDYARTHI VIGYAN MANTHAN (VVM)

2026-2027

A Digital Based and Largest Science Talent Search
Examination for Emerging India

<https://vvm.org.in>

VIDYARTHI VIGYAN MANTHAN (VVM)

Vidyarthi Vigyan Manthan (VVM) is a science based examination under the initiative of Vijnana Bharati (VIBHA), in collaboration with the National Council of Educational Research and Training (NCERT), an institution under the Ministry of Education, Government of India and the National Council of Science Museums (NCSM), an autonomous organisation under the Ministry of Culture, Government of India.

VVM is an international program designed for students of standard VI to XI, to identify and nurture highly talented students with a scientific aptitude. This initiative aligns with the National Education Policy (NEP) and aims to instil a sense of pride for scientific heritage and scientific temper in school students.

The main objectives of the VVM examination are:

1. To create interest among students in basic science.
2. To educate school children about India's contributions to the world of science and technology, from the traditional to the modern age.
3. To provide hands-on learning to students through experimental skill tests.
4. To conduct competitive exams to identify students who have a scientific bent of mind.
5. To provide mentors for preparing students to carry forward their education in the field of science.
6. To identify successful students at the State and National levels and felicitate them.

7. To organise exposure visits for the winners to various R&D institutions in the country.
8. To identify and nurture scientific aptitude through its unique scholastic aptitude test.

The examination will be conducted in English, Hindi, Tamil, Telugu, Kannada, Malayalam, Marathi, Gujarati, Punjabi, Bengali, Odia, Assamese, Sanskrit, and Urdu (major regional languages).
