- 2) <https://www.kvic.gov.in/kvicres/newhm/cbrtintro.html>

(Note: The above references are suggestive. Students can refer other materials also)

Component – 2: Personal Interaction (10 Marks)

“Science behind Bharatiya Tala Vadyas”

Students will be invited to a 5–7-minute personal interaction focused on "Bharatiya Tala Vadyas," the percussion instruments of India. These instruments have played a significant role in conveying important messages from kings and landlords throughout history. The diverse musical traditions of India are incomplete without Tala Vadyas, as they add rhythm and depth to our rich musical heritage. During this interaction, experts will engage students to assess their understanding and opinions of the Tala Vadyas listed below. Students are expected to undertake a detailed study of these musical instruments based on the outlined scope.

Topics for Personal Interaction (10 Marks)	
List of musical instruments to focus on	Scope of the Topic
1) Tabla 2) Pakhawaj 3) Mridangam 4) Khol 5) Chenda	• Origin, brief history and Evolution • Materials and methods of manufacturing • Scientific Principles of sound production and methods and techniques of playing • Parts of the country and kinds of music where the instrument is popular • Comparison between various tala vadyas

Component – 3: Vocal for Local (10 Marks)

‘Vocal for Local’ is a concept that urges students to support indigenous traditions, customs, products, skills stimulating economic advancement and self-reliance. This component will sensitise them to study and present local skills, specialities and Indian knowledge systems (IKS).

Students should prepare slide presentation in pdf format on the theme -

“Local traditional Indian Sport / Game in my region”

Guidelines for preparing slides:

- 1) Maximum 4 slides are to be prepared without any form of animation, gif file and audio-videos. The file should be saved in pdf format only. Name of the PDF file should be your Username (DLXXXXXX).
- 2) **First slide:** Students should mention the theme and the specific topic which they have chosen. Also, they have to mention Student Id, Name of the state or union territory which they belong to and their class.

Second slide: Introduction of the selected topic by stating origin or history should be described.

Third slide: Importance, relevance and characteristic features should be given.

Fourth slide: Present status and the efforts made for conservation or promotion should be described.

Note: The source of information should be mentioned in one line at the bottom of slide no. 2 to 4.

- 3) All the students should submit their presentations in pdf format through Google form on or before **Saturday, 25th April, 2026**. The link of Google form to upload the PDF will be provided on **15th April, 2026**.
- 4) During NLC each student has to present his/ her topic within 3 minutes.

Wishing you All the Best!
