

VIDYARTHI VIGYAN MANTHAN (VVM) 2025-26
16 & 17 MAY, 2026
IIT GANDHINAGAR, GUJARAT
Evaluation Scheme for National Level Camp (NLC)

The final component of the evaluation of Vidyarthi Vigyan Manthan (VVM) after the State Level Camp (SLC) is the National Camp (NC). We are happy to inform you that we will conduct a National Camp on **May 16-17, 2026, at Indian Institute of Technology Gandhinagar (IITGN), Palaj, Gandhinagar, Gujarat**. All the selected students for NLC have successfully cleared the first and second rounds and demonstrated their excellence in both examinations. The Team VVM congratulates all the successful candidates for their success.

The National Level Camp will be conducted physically in TWO days. The NLC will start at 09:00 AM on May 16, 2026, and the Himalayans and Zonal winners will be declared on May 17, 2026, by 06:00 PM. The program will start with registration, followed by the inauguration and will end with a valedictory and winner declaration function. There is only one National Level Camp for all the selected students.

Students will be required to reach IIT Gandhinagar, Gujarat latest, by the Morning (before 08:00 AM) of Saturday, May 16, 2026. They can plan to return in the evening (after 07:00 pm from IIT Gandhinagar) of Sunday, May 17, 2026. For the remaining guidelines and the conduct of the camp, also check the other attachment. The National Level Camp will provide an opportunity for students to showcase their talent under the following Groups of activities.

All the questions in science and math will be based on the VVM Curriculum (Link-<https://vvm.org.in/syllabus>) for the respective class. For movement (time management) purposes, the students will be divided into two groups viz. Junior Group (Class VI, VII, and VIII) and Senior Group (Class IX, X, and XI) but question papers will be classwise.

The NLC will have the components as given in the table:

S. N.	Component/Sections	Duration	Weightage
1	Indian Contribution and Advancement in Science and Technology (ICAST): Students will be asked MCQ type questions based on the contributions of the following Research Institutions of India - Institutes for VI & VII: (1) ICAR-Central Tuber Crops Research Institute (ICAR-CTCRI), Thiruvananthapuram, Kerala (2) KVIC - Central Bee Research and Training Institute (KVIC-CBRTI), Pune, Maharashtra Institutes for VIII & IX: (1) National Centre for Polar and Ocean Research (NCPOR), Vasco-da-Gama, Goa (2) CSIR - Indian Institute of Integrative Medicine (CSIR-IIIM), Jammu, Jammu & Kashmir	30 minutes	20% (20 Marks)

VIDYARTHI VIGYAN MANTHAN (VVM) 2025-26
16 & 17 MAY, 2026
IIT GANDHINAGAR, GUJARAT
Evaluation Scheme for National Level Camp (NLC)

S. N.	Component/Sections	Duration	Weightage
	Institutes for X & XI: (1) Aryabhatta Research Institute of Observational Sciences (ARIES), Nainital, Uttarakhand (2) ICFRE - Institute of Forest Genetics and Tree Breeding (ICFRE-IFGTB), Coimbatore, Tamil Nadu To know the Scope of Topics and Suggestive References students need to check Annexure-I.		
2	Personal Interaction: Classwise topics are as follows - Class – VI : Science behind Bharatiya Tala Vadyas Class – VII : Science behind the Sushir Vadyas of Bharat Class – VIII : Folk Dance Forms of Bharat Class – IX : Iconic Bridges in India Class – X : Indigenous Painting Styles of India Class – XI : Indian Missile Systems To know the Scope of Topics and Suggestive References students need to check Annexure-I.	5 – 7 min	10 % (10 Marks)
3	Vocal for Local: Students are provided with a theme (Classwise) and needs to prepare slide presentation in pdf format with FOUR slides only and upload on the given link before 25th April, 2026 . Theme for VI & VII : 1) Local Traditional Indian Sport / Game (in your Locality / Region / State / Union Territory) Theme for VIII & IX : 1) Rituals and Festivals of Tribes (in your Locality / Region / State / Union Territory) Theme for X & XI : 1) Dam or Water Reservoir used for the Drinking Water (in your Locality / Region / State / Union Territory) ❖ To know the Scope of Topics and Suggestive References students need to check Annexure-I.	3 – 5 min	10 % (10 Marks)
4	Experimental Skill Test (EST): Experimental Skill Test in Physics, Chemistry, Biology and Math, based on academic knowledge of VVM Syllabus of the respective class.	50 minutes for each subject	40% (40 Marks)

VIDYARTHI VIGYAN MANTHAN (VVM) 2025-26
16 & 17 MAY, 2026
IIT GANDHINAGAR, GUJARAT
Evaluation Scheme for National Level Camp (NLC)

S. N.	Component/Sections	Duration	Weightage
5	Design Thinking Skills - This individual activity aims to test the problem-solving ability of a student through the human-centred Design Thinking approach. The student has to work with curiosity, empathy, and reflection in individual capacity while exploring real problems and creating thoughtful solutions.	50 minutes	10 % (10 Marks)
6	Critical Thinking through Problem Solving - It challenges students to apply rigorous logic and spatial reasoning to solve a complex, multi-dimensional problem. Students will need to manipulate physical constraints, decode hidden structures, and apply rigorous deductive logic to find the solution.	50 minutes	10 % (10 Marks)

1. Indian Contribution and Advancements in Science and Technology (ICAST) [20%]: There will be 20 MCQ type questions based on the contributions of the following Research Institutions of the India for the –

- **Class VI & VII** will be “ICAR-Central Tuber Crops Research Institute (ICAR-CTCRI), Thiruvananthapuram, Kerala” & “KVIC - Central Bee Research and Training Institute (KVIC-CBRTI), Pune, Maharashtra”
- **Class VIII & IX** will be “National Centre for Polar and Ocean Research (NCPOR), Vasco-da-Gama, Goa” & “CSIR - Indian Institute of Integrative Medicine (CSIR-IIIM), Jammu, Jammu & Kashmir”
- **Class X & XI** will be “Aryabhatta Research Institute of Observational Sciences (ARIES), Nainital, Uttarakhand” & “ICFRE - Institute of Forest Genetics and Tree Breeding (ICFRE-IFGTB), Coimbatore, Tamil Nadu”

2. Personal Interaction (10%): A 5-7 min personal interaction will be conducted under this component to understand the personality of students. The topic for the –

- **Class – VI** : Science behind Bharatiya Tala Vadyas
- **Class – VII** : Science behind the Sushir Vadyas of Bharat
- **Class – VIII** : Folk Dance Forms of Bharat
- **Class – IX** : Iconic Bridges in India
- **Class – X** : Indigenous Painting Styles of India
- **Class – XI** : Indian Missile Systems

Evaluation Scheme for National Level Camp (NLC)

3. **Vocal for Local (10%):** A 3-5 min presentation based interaction will be conducted under this component to understand the presentation skills and the traditional knowledge of students. The theme for the –

- **Class VI & VII : Local Traditional Indian Sport / Game** (in your Locality / Region / State / Union Territory)
- **Theme for VIII & IX : Rituals and Festivals of Tribes** (in your Locality / Region / State / Union Territory)
- **Theme for X & XI : Dam or Water Reservoir used for the Drinking Water** (in your Locality / Region / State / Union Territory)

Note: Please refer to Annexure-I for more details of the Topics and Broad Scope for ICAST, Personal Interaction and Vocal for Local Themes.

4. **Experimental Skill Test (EST) in Physics, Chemistry, Biology and Math [40%]**

Hands-on Physics, Chemistry, Biology and Math experiments will be given as individual activities. Students need to perform the activity and do all necessary calculations/graph plotting within 50 minutes.

Class 11th students can opt any one stream only, either Mathematics Stream or Biology Stream, depending on their choice. Pattern of the questions in Experiment Skill Test will be as follows -

Mathematics Stream – Physics (13 Marks), Chemistry (13 Marks) and Mathematics (14 Marks).

Biology Stream - Physics (13 Marks), Chemistry (13 Marks) and Biology (14 Marks).

5. **Design Thinking Skills [10%]**

This individual activity aims to test the problem-solving ability of a student through the human-centred Design Thinking approach. The student has to work with curiosity, empathy, and reflection in individual capacity while exploring real problems and creating thoughtful solutions.

6. **Critical Thinking through Problem Solving [10%]**

It challenges students to apply rigorous logic and spatial reasoning to solve a complex, multi-dimensional problem. Students will need to manipulate physical constraints, decode hidden structures, and apply rigorous deductive logic to find the solution.

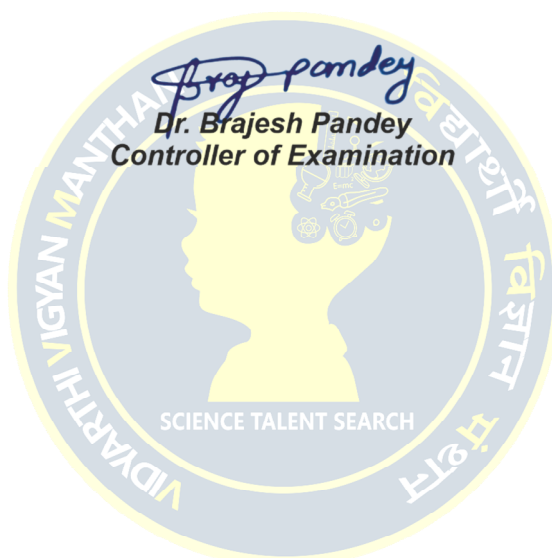

VIDYARTHI VIGYAN MANTHAN (VVM) 2025-26
16 & 17 MAY, 2026
IIT GANDHINAGAR, GUJARAT
Evaluation Scheme for National Level Camp (NLC)

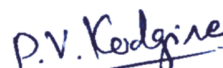

As mentioned, there are six components/sections of the evaluation. The ICAST test will be conducted just after the inauguration. There will be two evaluation sessions (4 hours each). In one of the 4-hour sessions, the Experimental Skill Test (EST) will be conducted, while all other components will be conducted in another 4-hour session. A detailed evaluation schedule will be given during registration on May 15/16, 2026.

Maximum marks of NLC will be 100. Out of these, 20 marks will be given to **ICAST**, 10 to **Personal Interaction**; 10 to **Vocal for Local**; 40 to **EST**, 10 to **Design Thinking Skills** and 10 to **Critical Thinking**.

The result of the National Level Examination, i.e., Himalayans, and the list of Zonal Winners will be announced on the 2nd day of the camp, i.e., around 06:00pm on May 17, 2026.
